Matthew,

I will have 2 officers meet your team at Los Feliz and provided the uniform support. The Officers said that they drove by the bike path and observed the people already moving out of the flood control zone. Thanks for your assistance.

Respectfully,

Sergeant Arturo Siguenas

Subject: Re: LA River Census Count/Rain Warning (High Priority)

Hello Sgt Siguenas,

Can your HOPE officer meet with our HET HOPE on the East side of Los Feliz? If we can work our way south, HET member will also be doing a census survey to get a count of the number of people living in/around the LA River along with informing people of the evening rain. Also if possible can your HOPE officers assist HET with the Arroyo Seco? The HET member will have the flyers, but I attached them here as well. Would 9:30am work for your officers?

As well our HET El Pueblo, HOPE HET, and Associate Director Amy Perkins who I cc'ed here will be present for the 8:30am roll call.

Thanks.

Lt, I will send a team to assist LAHSA with the distribution of flyers for the river. Have you coordinated where you want them to meet and what specific sites? Have the flyers been printed or should we print our own and coordinate the sites?

Mathew, did you confirm with 'El Pueblo LAHSA' regarding attending the 8:30 roll call?

Respectfully,

Sergeant Arturo Sigüenás

Hi Matthew,

Thank You for the coordination and information. Tomorrow the OCB HOPE Team will be in El Pueblo for the Special Enhancement Cleaning Zone. The Valley Bureau HOPE Team will have the Sanitation LA River Team this week as well.

Sergeant Siguenas, what does your Deployment look like for tomorrow? Are you bale to send two Officers along with LAHSA to support their Outreach and distribute the "Flood Warning" Flyer? I have also reached out and requested our Department Off-road Unit to assist with outreach and am awaiting their response.

Thank You in Advance, I have attached the Flood Warning Flyer to this E Mail.

Take Care,

Emada

Subject: LA River Census Count/Rain Warning (High Priority)

Hello Lyndi and Lakesha,

Sorry for the late minute request. As many of you know tomorrow evening we are expected to get a 100% of rain. For both Valley Bureau and Central Bureau which the LA River falls under, it would be beneficial to warn those living in the LA River about the upcoming rains and advise/assist them to seek shelter or leave the danger area.

As well since it has been a while, we were asked to do the LA River survey along with warning people about the upcoming rains.

I am coordinating with Lt. Tingirides here at the UHRC to have HOPE Officer support HET in our efforts.

RE: LA River Census Count/Rain Warning (High P..

We can strategize a time, but more than likely we need to make this a focus for tomorrow.

Let me know your thoughts. I also attached the County's Flood Danger Warning flyer.

Thanks.
